How to apply

Please proceed according to the following four steps.

1. Online registration for the exchange program via Mobility-Online

Deadlines: May 1, 2019 (winter semester 2019/20)
November 1, 2019 (summer semester 2020)

Before you apply, please make sure that you **have been nominated** by your home university for the exchange program at the University of Stuttgart! After your nomination you will receive the Mobility-Online link.

Required documents

Follow the instructions given in the portal **and upload**:

- passport-sized picture
- **a transcript of records** from your home university (either in English or in German)
- your **learning agreement** (signed by you and your home university)
- a proof of **German language skills** (minimum B1) **OR**
- a proof of **English language skills** (minimum B2) = for students who attend mainly courses held in English¹
- A **confirmation of supervision** (if you are writing a thesis)
- obligatory registration for the **intensive German course** (IGC) at Mobility-Online

After you have uploaded your complete documents, they will be automatically sent to your academic Erasmus+ advisor who has to check them and sign the learning agreement. Please upload the **final learning agreement** (signed by you, your home university and the academic Erasmus+ advisor at the University of Stuttgart) at your Mobility-Online account.

Incoming students, who would like to write a **Bachelor or Master thesis in the field of engineering** at our university, will have to apply for a 1-year exchange (2 semesters):

- **1st semester**: The incoming student will take courses and look independently for a thesis topic and a supervisor during the exchange semester.
- **2nd semester**: The incoming student may write the thesis, if he/she has found a thesis topic and supervisor. If not he/she will be able to take courses at our university instead or write the thesis at e. g. the home institution.

You will have to find a supervisor for your thesis yourself. The International Office and the academic Erasmus+ advisor are not able to assist in finding a suitable thesis topic and supervisor. You can only be enrolled as a student at the University of Stuttgart after we have received a confirmation from your thesis supervisor in Stuttgart.

¹ More information regarding the language skills and how to proof your language skills can be found here:

Visa regulations

Students from the EU, Australia, Brazil, Canada, Japan, South Korea and the US can enter Germany without a visa. They have to apply for a residence permit after their arrival in Stuttgart. **Students from non-EU countries** other than mentioned above have to apply for a student visa at the German consulate of their home country at least 6 months previous to their arrival in Stuttgart. Students who need a visa will receive a **letter of invitation** as soon as they have submitted their application documents and have been admitted.

Non-EU students already studying in an EU country have two options:

1. Application for a German visa in their EU host country and application for a German residence permit upon arrival in Germany
2. Application for a German residence permit via our International Office approx. three months before travelling to Germany – no visa required

We need to find out which option applies to you and provide you with the relevant information. Thus, please send an e-mail to incoming@ia.uni-stuttgart.de ASAP!
